

Frank's Chess Academy LLC

Private and Group Lessons

One hour sessions, either at my Chess Studio or at the student's chosen site. These sessions are targeted to meet the exact needs of the student(s) based on their knowledge of the game. Along with personalized tutoring, the student will receive printed materials for reference, assignments to complete on their own, and access to a vast library of books and magazines. Students will also be introduced to tournament play and the U.S. Chess Federation, the governing body of Chess in The United States. *All ages and levels can benefit!*

Tournaments

Frank's Chess Academy also offers Chess Tournaments, both USCF rated and non-rated events. These are fun, competitive events, meant to expand the learning process. Prizes will be awarded.

After School Programs

These programs occur once a week for a 10 week period. The day of the week is designated by the school, and will be scheduled in advance with the School Administrator. The sessions are 1 hour and encompass both expert instruction and play. Homework assignments and printed materials are offered as learning aids. Class sizes range from 6 to 12 students depending on grade and ability:

- **Beginner** – does not know how the pieces move and has never played.
- **Advanced Beginner** – Knows how to move the pieces, checkmate, and basic rules.
- **Advanced** – Knows all rules, has had formal training and tournament experience.

Coaching will also be offered if the School Administrator would like to enter a team in various Academic Tournaments. As part of this program, there will be a school tournament, with awards for the winners.
